The foundation for the High School building in Limestone street is nearing completion, and the bricklayers will begin work in a few days.

At a meeting of the Directory of the Mayville Cemetery Company yesterday, Dr. S. R. Harover was elected a member to fill a vacancy on said Board.

In the brick street paving in Limestone between Third and Fourth streets, on the East side, with the exception of four property owners, the entire cost of construction will be borne by St. Patrick's Church congregation. Notwithstanding the heavy expense Rev. Father P. M. Jones is anxious to have the improvement go forward at once.

The officers of the steamer Queen City claim no one was to blame for the assault upon the colored roustabout who was found on the grade here Tuesday morning suffering from severe bruises. Captain Sweeney says the man, who gave his name as Page, was intoxicated and was quarreling with the other colored hands on the boat. After having his head dressed by the City Physician, Chief Ort gave Page ten minutes to leave the city. He was escorted to the city limits by an officer and headed for Cincinnati.

Our Pet Railroad Shows Immense Increase in Business—15,000 Employees—Moved 10,000,000 Tons of Coal

Official announcement is made that George W. Stevens will not retire from the Presidency of the Chesapeake and Ohio to accept that of the merged Mexican roads, and the reason seems to be best set out in a brief history of the C. and O. under his management.

For the year ending last June 30th the road had a gross income of \$25,796,860.98, an increase of \$1,193,872.49. The net income was \$3,392,999.14. This shows divisible earnings of 5% on the outstanding stock, but following the management's custom but 1% was paid.

The surplus was, as it has been for years, applied to increasing the physical plant.

In 1900 the company's gross income was \$13,402,070.27, so that in less than seven years an increase of 92% is shown. During that period 260 miles of second track were laid, the freight-car equipment was increased from 16,661, with an average capacity of 29 tons, to 30,535, with an average capacity of 40 tons, and the motive power equipment was built up to 670 modern engines. A system of branch lines into the coal fields of Kentucky and West Virginia was developed, which delivered to the main line last year from the latter State alone more than 10,000,000 tons of coal, 10 branch lines penetrating this territory. The enrollment of employees now numbers in excess of 15,000.

Mr. Stevens is a native Ohioan, which fact, linked with the present condition of the road and what has been accomplished in its up-

building and development under his guidance, is sufficient reason why Chesapeake and Ohio interests refuse to allow him to transfer his allegiance to the big Mexican Government corporation.

Tomorrow is Arbor Day in Ohio.

FOR DELEGATE TO NATIONAL REPUBLICAN CONVENTION.

We are authorized to announce W. D. COCHRAN of Mason county as a candidate for Delegate to the National Republican Convention at Chicago in June, subject to the action of the Ninth District Republican Convention to be held at Carlisle, Ky., in May, 1908.

CALL FOR REPUBLICAN COUNTY CONVENTION.

Pursuant to the directions of the party authorities, the Republicans of Mason county are called to meet in mass convention at the Courthouse in Maysville on Saturday, April 25th, at 1 o'clock p.m., standard time, for the purpose of selecting, by *viva voce* vote, delegates to the District Convention, to be held at Carlisle, Nicholas county, on May 5th, at 11 o'clock a.m., and the State Convention to be held at Louisville on May 6th at 1 o'clock p.m.

The District Convention at Carlisle is for the purpose of electing two delegates and two alternate delegates to the National Convention to be held at Chicago, a Presidential Elector for the Ninth District and a member of the State Central Committee.

The State Convention at Louisville is for the purpose of electing four delegates and four alternate delegates at-large from the State to said National Convention.

W. D. COCHRAN, Chairman County Committee.

A. M. January, Secretary.

Mr. John D. Wood of Zanesville, Ind., brother-in-law of S. P. Baird of Carlisle, fell down a flight of stairs at Greenville, S. C., and died the next day without ever regaining consciousness. Mr. Baird was telegraphed to about the matter on the 21st of March, but never heard of his death until last Wednesday.

At the Commencement of Hamilton College, Lexington, the exercises to take place on the morning of May 21st, Miss Hilda Threlkeld, one of the twenty-four graduates, will deliver the Class Will. This is an honor for the Maysville student, as only a few members of the big class will take part in the program.

THE Democratic tommyrot opposing "injunctions" should forever let up, since the attempt was made in New York to hold up the Democratic Convention by the injunction method.

THE man who prevented the Massachusetts Republicans from sending a solid Taft delegation to Chicago was WINTHROP MURRAY CRANE, the bloated paper magnate, who has fattened at the protection crib as no other individual has ever done. Such shysters are enough to make the United States go Democratic.

THE PUBLIC LEDGER favors amnesty for all the HARGISES, the CALLAHANS, CALEB POWERS, JIM HOWARD, ex-GOVERNOR TAYLOR, JOHN POWERS, CHARLES FINLEY and all the night riders. Let's wipe every old grudge off the slate and begin over again, give every man a square deal and have a decent, law-abiding "New Kentucky."

Court of Appeals Hands Down An Important Ruling In the Clinger Case

FRANKFORT, KY., April 15th.—The appeal of George M. Clinger's Administratrix against the Chesapeake and Ohio Railroad from Mason county, taken from an order of the Circuit Court transferring the case to the Federal Court, was reversed. Clinger was killed while standing on the tracks at Maysville and his widow sued the company for \$25,000, alleging gross negligence, and that the Chesapeake and Ohio Railroad Company in Kentucky leased the Chesapeake and Ohio Railroad Company, a Virginia corporation, and making Shannon Hall, a Conductor on the train, a party to the suit.

The appeal was taken on the grounds that the case should be transferred to the Federal Court, stating that the appellant had no grounds for action, but in the opinion of Judge Nunn he explicitly stated that it was a well established rule that where injury was done to a plaintiff by two or more wrong doers all of them were jointly liable for the injury inflicted.

BRACKEN FOR TAFT

"If Signs Count For Anything," Says Brooksville Man

Brooksville Cor., Augusta Chronicle.

Shelby Blatterman of Mason county was here during the forepart of the week in the interest of his candidacy for Delegate to the Republican Presidential Convention to be held in Chicago.

Mr. Blatterman wants to represent this district, and he was here trying to get the instructions of Bracken county. The nomination for the place he aspires to will be made at Carlisle May 5th. Mr. Blatterman is Secretary and Treasurer of the American Society of Equity of Mason county, and this fact is given as a reason why he should be supported by Bracken county. Personally, his choice for President is Fairbanks, but says he will vote the way he is instructed.

If signs count for anything, this "neek of the woods" is for Taft.

CLIPS FEDERAL

JUDGES' POWERS

Bill to Prevent Them From Granting Injunctions Interfering With State Statutes

Through Senator Overman, the Senate Committee on the Judiciary has favorably reported a bill regulating the practice of granting injunctions by United States Courts restraining the enforcement of State statutes. The bill provides that no Circuit or District Court shall issue such temporary injunctions on the ground of unconstitutionality until testimony shall have been taken by three Judges, at least two of whom shall be Circuit Judges. It requires five days' notice of such proceeding to the Governor and Attorney General of the State involved, unless in cases in which the loss of so much time may work irreparable damage, when a temporary order may be issued.

The bill also provides for a direct appeal of such cases to the Supreme Court of the United States, and gives them precedence there. It is intended to meet conditions such as have recently arisen in Minnesota, North Carolina and other States.

Ironton is to have another daily newspaper. It will be an evening paper and will be edited by Prof. E. L. Marting, at present one of the faculty of the Ironton High School.

LOUISVILLE HOUSE

Gets the Oklahoma Dispensary Order For Three Months

Robert E. Lozier, State Liquor Dispenser, has let the contract for Oklahoma's first three months' liquor supply to the Sunny Brook Distilling Company of Louisville, Ky.

The contract price for half-gallon packages is \$8.55 per case of three gallons each; for quarts, \$8.90; for pints, \$9.30, and for half pints, \$9.80.

The dispensary will open May 1st. Half-pint bottles will sell for 40 cents, pints for 80c and quarts for \$1.60.

PLEA FOR POWERS

Attorneys Present the Law and the Facts Why Noted Prisoner Should Be Freed

In the Powers-Howard pardon-hearing at Frankfort before Governor Willson, Judge J. C. Sims, Attorney for Powers, said that he had three points to state why Powers should be granted a pardon. He named them:

1. That he was denied bail after his last trial, when there was a hung Jury.

2. That the record shows that he is absolutely innocent of the charge against him.

3. That as the law now stands it is impossible for him ever to get in the future a fair and impartial trial before a fair and impartial Jury.

Judge Sims took up the points in order. He said that never in his 30 years' practice had he ever heard of a prisoner being denied bail when ten of the Jurors had said he was guiltless and only two stood for conviction.

He scored the trial Judge for this action, since he did not criticise in a personal sense.

He declared that the Commonwealth's Attorneys knew that Powers could have been released upon his own recognizance and he would have been present when his case was called again, or that he could have given bail in any reasonable amount.

He pointed to the length of time consumed between trials, and declared that if the Governor was going to wait for Powers to have another trial he had just as well take him out and have him shot or hung, for in his (Sims') opinion Powers would never live to face another trial, and for this opinion he had a statement of his physician as to his health.

The bill also provides for a direct appeal of such cases to the Supreme Court of the United States, and gives them precedence there. It is intended to meet conditions such as have recently arisen in Minnesota, North Carolina and other States.

CASE AFTER CASE.

Plenty More Like This in Maysville.

Scores of Maysville people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Mrs. Nathan A. Hafer, living in the Western part of Maysville, Ky., says:

"My estimation of Doan's Kidney Pills is so great that I have not the least hesitancy in publicly recommending them. For ten years I was bothered by backache, during which time I tried various remedies without obtaining any beneficial results. There was a constant, dull ache across my back, often accompanied by sharp rheumatic twinges throughout my body. I was subject to nervous headache and dizzy spells, and on arising in the morning felt so tired that it seemed as if I had not been to sleep at all. Mrs. Hafer, who had been cured of backache by Doan's Kidney Pills, advised me to give them a trial, and I procured a box at J. Wood & Son's Drugstore. They soon proved their efficiency in my case, and I did not have to take them long when all my trouble disappeared."
